

# Amigurumi Fruit Girls Pattern

## Materials Needed & Measurements:

- **Suggested Yarn:** Worsted weight yarn (e.g., Red Heart Super Saver, Lion Brand Vanna's Choice)
- **Yarn Measurements:** Approximately 200–300 yards (depending on the size of the project)
- **Hook Size:** H/8 (5.0mm) crochet hook
- **Pattern Measurements:**
  - For a scarf: 7-8 inches wide and 60-70 inches long
  - For a hat: Adult size (about 22 inches in circumference, 8 inches high)
  - For a blanket: 50 inches by 60 inches (or to desired size)
- **Needle:** Tapestry Needle For weaving in ends

## Abbreviations:

- **ch:** chain
- **sc:** single crochet
- **dc:** double crochet

- **sl st:** slip stitch
- **st(s):** stitch(es)
- **inc:** increase (2 stitches in one stitch)
- **dec:** decrease (usually by crocheting two stitches together)
- **sk:** skip
- **sp:** space
- **RS:** right side
- **WS:** wrong side

#### Special Stitches:

- **V-Stitch:** (dc, ch 1, dc) in the same stitch or space.
- **Shell:** 5 dc stitches worked into the same stitch or space.
- **Popcorn:** 5 dc stitches worked into the same stitch, all but the last one left unfinished, then the last dc is worked into the first dc, pulling all loops together to form a popcorn stitch.

#### Stitching Rounds for the Amigurumi Fruit Girls Pattern:

##### Body:

Start with a **magic ring** (or chain 2 and work into the second chain from the hook) to begin your amigurumi body.

- **Round 1:** 6 **sc** into the magic ring. **(6 sts)**
- **Round 2:** **Inc** (increase) in each **sc** around: 2 **sc** in each stitch. **(12 sts)**
- **Round 3:** [**Sc 1, inc**] around: **sc 1**, then **inc** (2 **sc** in the next stitch) repeated around. **(18 sts)**
- **Round 4:** [**Sc 2, inc**] around: **sc 2**, then **inc** (2 **sc** in the next stitch) repeated around. **(24 sts)**
- **Round 5:** [**Sc 3, inc**] around: **sc 3**, then **inc** repeated around. **(30 sts)**
- **Round 6:** [**Sc 4, inc**] around: **sc 4**, then **inc** repeated around. **(36 sts)**

Now you have a flat circle, and the body is expanding outwards. For the next rounds, you will crochet in continuous rounds without increases to form the body.

##### Rounds 7-12:

**Sc around for the next 6 rounds: sc in each stitch around without any increases or decreases. Continue to crochet in a circle, keeping your stitch count at 36 sts per round. (36 sts each round)**

- **Round 13: [Sc 4, dec]** around: **sc 4**, then **dec** (decrease, usually by crocheting the next 2 stitches together) repeated around. **(30 sts)**
- **Round 14: [Sc 3, dec]** around: **sc 3**, then **dec** repeated around. **(24 sts)**
- **Round 15: [Sc 2, dec]** around: **sc 2**, then **dec** repeated around. **(18 sts)**
- **Round 16: [Sc 1, dec]** around: **sc 1**, then **dec** repeated around. **(12 sts)**

**Round 17:**

- **Dec** (decrease) around until 6 stitches remain: This will close up the body. **Dec** (crochet two stitches together) in each stitch around until you have just 6 stitches remaining. **(6 sts)**

Now it's time to finish off the body.

- **Stuff** the body with fiberfill before closing, as this will help it hold its shape.
- Use a **sl st** (slip stitch) to join the last round, pulling the stitches tightly to close the hole.
- Use a **tapestry needle** to weave in the end, securing it in place.

**Fruit Accessories (Example: Strawberry Leaves or Apple Stem):**

After finishing the body, you can add fruit-specific features like strawberry leaves, apple stems, etc.

**Example: Strawberry Leaves (Top of Head)**

- **Round 1:** Ch 1, then **sc** into the top of the body (where the head would be).
- **Round 2: [Sc 2, inc]** around to form the first layer of leaves (or adjust as necessary based on your fruit design). **(8 sts)**
- **Round 3:** Continue with **[Sc 3, inc]** around, adding more shape and detail to the leaves. **(10 sts)**

If you are creating a strawberry, you can make more rounds to form leaves or use a **V-stitch** (dc, ch 1, dc) in the spaces around the top for a more textured appearance.

**Example: Apple Stem (Top of Head)**

- **Round 1:** Ch 1, and **sc** into the same spot as the leaves (this will form the stem).
- **Round 2:** Ch 2, then **sc** into the second chain from the hook and attach it to the body.

The stem will be quite small, but you can add a little extra detailing to make it stand up.

### Arms and Legs:

Arms and legs are typically created separately and attached to the body after it's finished. Here's how you can do that.

#### For Each Arm:

Start with a **magic ring** (or chain 2 and work into the second chain from the hook).

- **Round 1:** 6 **sc** into the magic ring. (6 sts)
- **Round 2:** **Inc** (increase) in each **sc** around. (12 sts)
- **Round 3:** [**Sc 4, inc**] around. (15 sts)
- **Rounds 4-6:** **Sc around** for 3 rounds (no increases). (15 sts each round)

To finish, you can either stuff the arms lightly or leave them unstuffed, then use a **sl st** to close them off and weave in any ends.

#### For Each Leg:

Repeat similar steps for the legs as you did for the arms.

- **Round 1:** 6 **sc** into the magic ring. (6 sts)
- **Round 2:** **Inc** in each **sc** around. (12 sts)
- **Round 3:** [**Sc 5, inc**] around. (18 sts)
- **Rounds 4-8:** **Sc around** for 5 rounds. (18 sts each round)

Finish off the leg by stuffing lightly and using a **sl st** to close.

#### Final Assembly:

- Attach the **arms** and **legs** to the body using a **tapestry needle** and yarn. You can sew them directly to the sides of the body, near the top for the arms and lower for the legs.
- Add any final decorative elements such as additional fruit seeds, leaves, or accessories.
- Weave in all loose ends using your **tapestry needle**.
