- **Edging:** Completed with a hook one size smaller than the main body for a snug, polished fit.

Stitching Instructions for Crocheted Moroccan-Style Slippers Pattern:

Toe Section

- **Create Magic Ring:** Begin with a magic ring to ensure a seamless, closed toe.
- **Rnd 1:** Work **8 SC** into the magic ring. Pull the ring tight and join with a **SL ST** to the first SC. (8 sts)
- **Rnd 2:** Work **2 SC in each stitch around**. Join with a **SL ST** to the first SC. (16 sts)
- **Rnd 3:** (*SC in next st, 2 SC in next st*) Repeat around. Join with a **SL ST**. (24 sts)
- **Rnd 4 (and subsequent rounds):** Continue increasing: (*SC in next X sts, 2 SC in next st*) until the diameter matches the width of the toe section (approx. 3"/7.5 cm for a Women's Medium).
- Finish with a **SL ST**, and check your work for a smooth, circular shape.

Foot Section

- **Begin Rnd 1:** Without increasing, work **1 SC in each stitch around**. Join with a **SL ST** at the end of the round.
- **Continue Rounds:** Work evenly in **SC** until the length from the toe to the instep matches approx. 7"/18 cm (adjust length as needed for a snug fit).
 - Use stitch markers to mark the starting stitch of each round if necessary.
 - Ensure your stitches are consistent to maintain an even texture.

Heel Section

- **Transition to Rows:** Stop working in the round. Begin working **in rows** across half of the stitches to shape the heel.
 - **Row 1:** SC across half the total stitches, **CH 1**, turn.
 - **Rows 2–X:** Work **SC in each stitch across**, **CH 1**, and turn at the end of each row.
- Continue rows until the heel section forms a rectangle that matches the height needed to wrap comfortably around the heel (approx. 2"/5 cm for a Women's Medium).

Joining the Heel

- **Fold the Heel:** Bring the edges of the heel rectangle together to form the back seam.
- **Seam:** Use either a **SL ST** or **SC** to join the edges. Work neatly to avoid a bulky seam, ensuring a smooth and comfortable finish.
- **Fasten Off:** Cut the yarn and weave in the ends securely.

Edging

- **Switch to Smaller Hook (E/4, 3.5 mm):** For a polished edge, change to the smaller hook size.
- **Rnd 1:** Work **1 SC evenly around the opening** of the slipper. Be sure to maintain an even tension and place stitches neatly along any uneven edges.
- **Optional Decorative Edge:** Add a **Reverse SC (Crab Stitch)** or another decorative border for a finished look.

Finishing

- **Weave in Ends:** Use a blunt darning needle to weave in all loose ends, ensuring they are secure and trimmed neatly.
- **Block if Necessary:** Lightly block the slippers to achieve the desired shape and size.
