

Free Glenayr Pattern

Pattern Description:

The Glenayr Scarf is an **easy, modern crochet pattern** featuring **beautiful texture**, designed for a quick make. It's worked **widthwise in rows**, eliminating the need for a long starting chain. The pattern achieves its texture with a **simple one-row repeat** using only two basic stitches, making it suitable for any style.

Materials Needed & Measurements:

- **Yarn:** Approximately **386 yards** of **#5 bulky weight yarn**.
- **Yarn Weight:** **#5 bulky weight yarn**.
- **Hook:** **7.0mm crochet hook**. The designer used a Furls Odyssey Sienna.
- **Notions:**
 - **Scissors**
 - **Yarn needle**
 - **Tape measure**
 - **Stitch Markers** (optional)
- **Measurements:** Finished dimensions are **73" long x 6" wide**.

Stitches & Abbreviations Used:

- **ch(s)** - Chain(s)

- **slst** - Slip Stitch
- **hdc** - Half Double Crochet
- **st(s)** - Stitch(es)

Instructions for Making the Glenayr Pattern:

Follow these steps to crochet your Glenayr Scarf:

Starting Chain

Begin by making a **foundation chain**.

- Ch (chain) 20. This will determine the **width** of your scarf, which will measure approximately 6" when complete. Because the scarf is worked widthwise, you don't have to worry about starting with a long chain for the full length.

Row 1 - Establishing the Pattern

In Row 1, you'll set up the alternating stitch texture that defines this design.

- Slst (slip stitch) into the **second ch from the hook**.
- Hdc (half double crochet) into the next ch.
- Continue alternating between **slst and hdc** across the row.

By the end of Row 1, you should have **19 sts (stitches)**. Finish by making **ch 1** and turning your work.

Row 2 - Repeating the Sequence

Row 2 establishes the **one-row repeat** that makes this pattern so approachable.

- Slst into the **first st**.
- Hdc into the next st.
- Slst into the following st.
- Continue alternating slst and hdc until the end of the row.

You will again have **19 sts**. Ch 1, then turn. The texture is already beginning to form.

Rows 3 - 239 - Building the Length

From here, the pattern couldn't be easier. Simply:

- Repeat Row 2 for every subsequent row.

As you work, the fabric will grow in length, creating a beautifully textured scarf. For the recommended finished length of **73"**, continue until you have completed **239 rows**. However, you can easily adjust the length by stopping earlier or adding more rows depending on your preference and yarn supply.

Row 240 - Final Row

When your scarf reaches the desired length, work one final row:

- Slst into the first st.
- Hdc into the next st.
- Slst into the following st.
- Continue across the row, alternating until you reach the end.

Fasten off securely, leaving a tail for weaving in. You should still have **19 sts** in the final row.

Optional Fringe

For a stylish finishing touch, add fringe to both ends of the scarf:

- **Prepare Yarn:** Cut **50 strands**, each measuring **10" long**.
- **Group Strands:** Divide into **10 bundles** of 5 strands each.
- **Attach Fringe:** Evenly space **5 bundles per side** across both scarf ends. Insert the groups with your hook and pull through, then secure.

You can adjust the amount of fringe to suit your style, minimal for a sleek look or fuller for added drama.

Finishing Touches

After the fringe is complete, use a **yarn needle** to weave in all loose ends along the edges and corners. Smooth the scarf flat, trim fringe evenly if needed, and your **Glenayr Scarf** is ready to wear. This versatile piece is perfect as a personal accessory or as a handmade gift.
